Explanation of Other Funds:

The Anchorage Park Foundation is the proud recipient of a five year grant from the Rasmuson Foundation to rehabilitate Anchorage parks.

Detailed Project Description and Justification:

The Anchorage Park Foundation and the Parks & Recreation Department are working together to address the fix-its in neighborhood parks throughout the city, using the Anchorage Parks Report Card to identify priority repairs. More than 1,000 community volunteers evaluated 53 neighborhood parks based on cleanliness, safety, structure, appearance, and function.

We're working hard with community park committees comprising Community Council members, user groups and park neighbors to prioritize the Fix-It lists, build volunteer support and plan Fix-Its in 2010 and 2011.

Report Card volunteers gave Little Dipper Park an F for about worn-out, vandalized play equipment, trees in need of trimming, and muddy trails. Furthermore, some participants were concerned that there was inadequate warning for parents regarding the small creek running through the park.

We plan to combine public and private funding with volunteer efforts to make a difference in Little Dipper Park in summer 2011. Please join us.

Project Timeline:

If funding becomes available, the Little Dipper Park Fix-It project and related expenditures will take place between May - September 2011. Anchorage Park Foundation investments will be matched by volunteer contributions.
